Ages 9 - 13 yr: 5:30 - 7 p.m.
Flower Power ArtyParty!
April 27th, 5-7 p.m.

April 6th - Designing With Black and White

Join us as we engage in some textural collage making that will be inspired by Shane Walsh's unique works of art. We will be using a papercraft embossing machine (BigShot by Sizzix) to emboss paper in a variety of patterns, as well as doing rubbings over some artistic textured plates to create our own unique collage pieces.

Instructor: Renee Fielhauer

April 13th - Exploring Batik

Using a still life inspired by Kristy Deetz's work as our focus, we will explore batik techniques using wax, wax resist, and cold water dyes. Students will create a 10x10 cloth square design and discuss the impact of laying colors as well as using wax to create texture and depth. Instructor: Ingrid Bodensteiner.

April 20th - Mixed Media Squares

Inspired by the paintings of Shane Walsh, our artists will draw using various ink markers on disposable palette paper. These images will be cut and pasted into clever arrangements, with special consideration of positive and negative space, onto corrugated plastic panels and coated with a clear acrylic medium.
