

Mentoring at Crescent Elementary School

"A simple act of kindness can make a tremendous impact on a person's life." Anonymous

Program Description

Crescent Elementary School is looking for mentors from local businesses and the community to work one-on-one with our students. We are looking for volunteers to work with students for a half hour to 45 minutes once a week during the school day and/or in our after school program.

Mentoring
Be a Mentor...Be the Difference

Mentors will have the opportunity to connect with students in Kindergarten through 3rd grade and teach life skills, share with students their areas of expertise and interests, work on crafts and hobbies, play games, or just sit and talk. This is a great opportunity to

connect with the children of our community and to be a positive role model in their lives. No special skills or experience are needed to be a mentor - only a willingness to listen, encourage, and show children that they matter and are important.

Studies show that children who have relationships with adults who encourage and value them have higher graduation and college enrollment rates, increased self-esteem and regard for others, and are less likely to use drugs and alcohol, among numerous other benefits.

If you are interested in hearing more and/or becoming involved, please contact Amy Scholz or Molly Bishop at Crescent School, at 365-9120 or at scholamy@rhinelander.k12.wi.us or bishomol@rhinelander.k12.wi.us
